

20th Anniversary of the MMoU

Happy 20th Anniversary! CySEC is proud to be part of this widely-used global mechanism for regulators.

Being a signatory of the MMoU since 2009 has helped CySEC to strengthen Cyprus's securities market, investigate cross-border violations and combat new and emerging risks.

The MMoU has proven to be an effective policy tool, facilitating the exchange of information and assisting CySEC to ensure regulatory compliance and the enforcement of securities and derivatives laws and regulations. Through the MMoU CySEC has enhanced its ability to detect and deter cross-border financial crime and misconduct.

Congratulations to everyone for being part of the journey! We would hope this important event will spur many more countries to participate in the MMoU so that together we can address the challenges of cross-border misconduct and increase investor protection. Wishing IOSCO many more anniversaries and success in the years ahead!
