

**IOSCO ANNUAL MEETING 2021
IN-PERSON CANCELLATION AND VIRTUAL EVENT FAQs**

1. Why is the in-person event cancelled and replaced by a virtual format?

The 46th IOSCO Annual Meeting (AM), in a physical format, has been cancelled due to public health concerns linked to the ongoing COVID-19 pandemic. Given the different strains of the virus, uneven pace of vaccinations, and possible restrictions for both entry into Portugal and return to their respective jurisdictions, the current information indicates that it will be difficult to ensure that the 2021 AM can be organized successfully in person.

2. What are the dates for the virtual AM?

We are now working to replace this event with a series of virtual meetings. The Secretariat will soon provide further information regarding the dates and times of the virtual meetings, on-line registration, and the virtual platform to be used for the virtual event.

3. Will the CMVM Public Conference take place as originally planned?

Yes, the CMVM Public Conference planned in conjunction with the IOSCO 46th Annual Meeting, which will also celebrate CMVM's 30th Anniversary, will still be held on the previously announced dates of 4th and 5th November in a hybrid format. IOSCO Members will be able to register, free of charge, for this Public Conference through <http://conferenciacmvm2021.pt/>.

Please note that CMVM Public Conference will include a session on financial stability which will be co-organised by CMVM and IOSCO.

4. Other queries and/or comments:

Should you have any queries and/or comments which are not covered in these FAQs, please feel free to contact the IOSCO General Secretariat and/or the CMVM via the following contact details:
