

General Information

The International Organization of Securities Commissions (IOSCO) is an international association of securities regulators that was established in 1983. Its General Secretariat is based in Madrid, Spain.

The objectives of IOSCO's members are:

- > to cooperate in developing, implementing and promoting adherence to internationally recognized and consistent standards of regulation, oversight and enforcement in order to protect investors, maintain fair, efficient and transparent markets, and seek to address systemic risks;
- > to enhance investor protection and promote investor confidence in the integrity of securities markets, through strengthened information exchange and cooperation in enforcement against misconduct and in supervision of markets and market intermediaries; and
- > to exchange information at both global and regional levels on their respective experiences in order to assist the development of markets, strengthen market infrastructure and implement appropriate regulation.

Structure of IOSCO

The Presidents Committee, as the plenary body of IOSCO, meets once per year during the IOSCO Annual Conference and is attended by ordinary and associate members. Affiliate members attend the second half of the meeting.

The Board is the governing and standard-setting body of IOSCO. As of September 2014, it is composed of 34 members:

- a) The 18 members from jurisdictions with the largest markets (based on measures of equity market capitalization, debt market issuance, assets under management and derivatives trading),
- b) The Chair and the Vice Chair of the Growth and Emerging Markets (GEM) Committee,
- c) The Chairs of the four regional committees,
- d) Two members elected by the GEM Committee from its membership,
- e) Two members elected by each of the four regional committees from their membership.

The Presidents Committee resolved in June 2015 that as of the IOSCO Annual Meeting in May 2016 the IOSCO Board shall be composed of:

- a) The 18 members from jurisdictions with the largest markets (based on measures of equity market capitalization, debt market issuance, assets under management and derivatives trading),
- b) The Chair and the two Vice Chairs of the Growth and Emerging Markets Committee,
- c) The Chairs and the Vice Chairs of the four regional committees,
- d) One member elected by the GEM Committee from its membership,
- e) One Member elected by each of the four regional committees from their memberships.

Greg Medcraft, the Chairman of the Australian Securities & Investments Commission (ASIC), took over as Chair at the Board meeting in Sydney in March 2013, and was re-elected for another two-year term at the inaugural meeting of the newly constituted Board in Rio de Janeiro in September 2014. In 2015, the Board Chair was supported by two Vice Chairs; Howard I Wetston, Chairman of the Ontario Securities Commission (elected by the Board in March 2013) and Ranjit Ajit Singh, Chairman of the Securities Commission Malaysia (ex-officio as GEM Chair). The Board elected Ashley Alder, Chief Executive Officer of the Hong Kong Securities and Futures Commission, to replace Mr. Wetston in December 2015.

The Growth and Emerging Markets Committee is the largest committee within IOSCO, representing almost

80% of IOSCO's ordinary membership. Ranjit Singh, Chair of the Securities Commission Malaysia, is the Chair of the GEM Committee. The two Vice Chairs are Bert Chanetsa, Deputy Executive Officer, Investment Institutions, Financial Services Board, South Africa, and Leonardo P. Gomes Pereira, Chairman, Comissão de Valores Mobiliários, Brazil. The GEM Committee seeks to promote the development and greater efficiency of emerging securities and futures markets by establishing principles and minimum standards, providing training programs and technical assistance for members and facilitating the exchange of information and transfer of technology and expertise.

The GEM Committee comprises 87 members which includes the world's fastest growing economies and 10 of the G-20 members. Emerging economies are expected to represent a growing portion of IOSCO membership as new members continue to join.

IOSCO is one of the few international standard setters that have a committee dedicated to emerging market issues. This inclusiveness increases IOSCO's effectiveness and positions it to play a bigger role in shaping the global regulatory framework. The Chair of the GEM Committee is one of the IOSCO representatives on the Financial Stability Board Plenary. The GEM Committee also has a seat on the IFRS Foundation Monitoring Board.

IOSCO also has four regional committees, which meet to discuss issues specific to their respective regions and jurisdictions:

- > Africa/Middle-East Regional Committee;
- > Asia-Pacific Regional Committee;
- > European Regional Committee; and
- > Inter-American Regional Committee.

Self-regulatory organizations (SROs) and other affiliate members (see below for a full description) are members of the Affiliate Member Consultative Committee (AMCC). IOSCO recognizes the importance of maintaining a close dialogue with its affiliate membership, and of ensuring that their input into IOSCO's policy development work is sought and encouraged.

Annual Conference

IOSCO's members meet every year at its Annual Conference to discuss important issues related to global securities markets regulation. Event and registration information can be found at www.iosco.org.

A national securities commission or a similar governmental body with significant authority over securities or derivatives markets is eligible for ordinary membership of the organization, provided it is a signatory to the IOSCO Multilateral Memorandum of Understanding Concerning Consultation and Cooperation and the Exchange of Information (MMoU). In the case of a country where the subdivisions have exclusive jurisdiction over securities, the regulatory bodies of the subdivisions of that country that are ordinary members shall have a maximum of three votes for all the subdivisions together in elections in meetings of the Presidents Committee, IOSCO Board, Growth and Emerging Markets Committee, regional committees, and in meetings of any other committee or on any other occasion where elections are held.
