IOSCO welcomes new leadership of IOSCO Board committees

The International Organization of Securities Commissions (IOSCO) is pleased to introduce the new chairs and vice chairs of the IOSCO Board committees who were recently elected as part of a periodic

renewal of IOSCO leadership.

On behalf of IOSCO, Board Chair Ashley Alder expressed his gratitude to the outgoing committee leadership for their contribution and dedication to IOSCO policy work. The substantive work produced by the policy committees under the leadership of the outgoing committee chairs and vice chairs, he said, played a key role in helping IOSCO meet its objectives of protecting investor interests, mitigating

global systemic risks and ensuring fair and efficient securities markets.

Mr. Alder is eager to work with the incoming chairs and vice chairs on IOSCO's policy priorities, following constructive discussions at the Hong Kong Board meeting last month and said, "IOSCO has a number of critical work streams already underway and as we turn our attention to key issues for the next two years, we are relying heavily on the new leadership teams of our committees to help the Board

navigate these complex matters to have the highest impact possible."

The policy work of IOSCO is conducted by eight policy committees under the aegis of the Board. Implementation monitoring and research are carried out, respectively, by the Assessment Committee and the Committee on Emerging Risks. A list of the new committee chairs and vice chairs for 2016-

2018 is as follows:
